

TO PARTICIPANTS OF THE KAIROS PROGRAM

INSTITUTION: _____

DATE OF WEEKEND: _____

NAME OF RESIDENT: _____

You have been chosen to attend the next Kairos weekend on the above date if you can clear your calendar to do so.

It is important for you to know that Kairos is a very positive leadership building community experience, presented and taught from a distinctly Christian perspective.

You do not have to be Christian to attend. There will be much to gain from the program even if you are not and do not intend to be Christian.

SCHEDULE

Kairos will run from 4:00 to 8:00 pm the first evening	4 hrs.
7:45 am 'till 8:00 pm the second day	12 hrs.+
7:45 am 'till 8:00 pm the third day	12 hrs.+
7:45 am 'till 8:00 pm the final day	<u>12 hrs.+</u>
	40 hrs.+

Each resident must participate in all of the 40 hour process. You will not be able to come and go during the weekend. Of course, if you want to leave at any time, you may do so, but you will not be allowed to return because of the disruption this would cause to others in the program. To be able to complete this 40 hour program will require a large amount of personal discipline on your part.

If you accept this invitation to attend you will be placed on an out-count for the time you will be in the program. You will be exempt by the institution from other duties for the entire term of the weekend.

You must clear your calendar of all other commitments for this time period.

- A. You must notify any possible visitors and inform them you will be busy this weekend and will not be available for visits.
- B. If you are involved any other program, you must advise your instructor, team or group that you will not be available during this time period for this one weekend only.

This particular program is limited to 42 participants. If you feel you will be able to accept this invitation, please sign and return the enclosed application as soon as possible. Space will be reserved as applications are received and the participant list completed. A list of 10 or 15 alternates will stand ready to take the place of any who back out at the last minute.

You will certainly enjoy your time spent in this program and will almost surely benefit from the quality time you spend with the large group of successful free-world people who will present the program.

God bless you,
